Panyu Chu Kong Steel Pipe Co., Ltd. (PCK) is the largest manufacturer and exporter of longitudinal welded steel pipes in China. Fifteen pipe mills widely located in PRC and Middle East which can produce ERW/SAWL/SAWH pipes from size 114 mm to 7,000 mm and can produce different type of coating complying different international standards. Products are widely used petroleum and petrochemical industries for oil and gas both onshore and offshore pipelines, ocean engineering, infrastructure construction and water utilities industries, etc.

ASME Hong Kong Section and IMechE Hong Kong Branch are privileged to bring you exclusive access to PCK's brand new mill in Zhuhai, for experiencing first-hand the full production process of top-class pipes for all ranges of applications within China and beyond.

Priority is given to ASME and IMechE members.
