Remarks:

1. There will be two teams from CUHK, two teams from HKIVE, one team each from HKU and HKPolyU.
2. All teams are responsible to place all items in a box before the competition starts for determining the sizing box factor, see Rule 2.
3. Each team should explain convincingly and demonstrate to the judging panel whether only light energy or wind energy is harvested, or both, for determining the energy source factor, see Rule 7.
4. Please fill in the blanks of the judging criteria as much as possible and bring to the competition.
5. All complaints must be lodged in writing within 30 minutes after each race. The decision of the judging panel will be final.
